MODERN DESIGN

Linda Hoffman Interiors

Linda Hoffman

Linda Hoffman Interiors is located in Greenwich, CT, and works on projects of all sizes and many different styles. Their interiors are tailored, elegant and fresh: classic design but often with a slight edge or element of the unexpected. They strive to create spaces that are aesthetically beautiful but also effortless in their visual appeal.

LHI's primary mission is to identify the specific needs of their clients. Trust is crucial as well as listening and understanding priorities and how each client wants their space to feel and function. Every project is unique and should be a reflection of the client's own personality, taste and lifestyle.

Linda received a B.A. in Art History from Vassar College and an Interior Design Degree from The Parsons School of Design in New York City.
